Land Description

All hunting will take place on privately owned property in Autauga County, Alabama. Tree stands overlook clear-cut land, food plots, hardwood bottoms, corn and soybean fields. Some lands are restricted as to the deer kills, while some lands are not.

Requirements

An Alabama State Hunting License is required. A non-resident license, good for ten days, is available at Wal-Mart in Prattville or online. See our website at www.aawinterhunt.com for the link to purchase a license. A Hunter's Education Certificate is required for all hunters born after August 1st, 1977, after their 16th birthday. Hunter orange must be worn during the hunt. There will be a safety meeting before the hunt.

What to Bring

Each hunter should bring a rifle or bow and ammo (no shotguns). Each hunter will also need a flashlight, warm clothes, a rain suit, waterproof boots, and a large cooler.

Deer Limits

Each hunter will be allowed to take two deer per day—one antlered buck and one doe or two does. Only three bucks can be taken for the year with at least one having no less than four points on one side. There is no yearly limit on does.

Processing

Cleaning and quartering of the deer is included in the package price. A local processor is available if you choose complete processing at your expense.
